## MICRO Vortex Generator Kit

|                                  | Factory*   | MICRO*     | Improvement With MICRO VGs |
|----------------------------------|------------|------------|----------------------------|
| <b>V<sub>mca</sub></b>           | 87 mph IAS | 77 mph IAS | 10 mph                     |
| <b>V<sub>s</sub></b>             | 76 mph IAS | 71 mph IAS | 5 mph                      |
| <b>V<sub>s</sub></b> (flaps 20°) | 64 mph IAS | 62 mph IAS | 2 mph                      |
| <b>V<sub>so</sub></b>            | 59 mph IAS | 55 mph IAS | 4 mph                      |

\* SPEEDS MEASURED ON A MODEL C50 AT 5678 lbs.

### About MICRO Vortex Generators:

The **MICRO Vortex Generators** for the Twin Bonanza are FAA STC approved and ready for installation on your airplane. This jet age technology provides a significant reduction of V<sub>mc</sub>, a dramatic improvement in characteristics, reduced stall speeds, reduced accelerate/stop distance, and improved safety.

The **Micro VG Kit** consists of 102 vortex generators mounted on the wings, just aft of the boot line and on both sides of the tail. The **Micro VG Kit** includes all of the installation tools and materials for your shop to make the easy one day installation.

The **Micro Vortex Generators** are manufactured under our FAA PMA from aircraft grade aluminum and are alodined to a Boeing mil-spec, then painted to match your airplane before shipping.

As one twin owner said, "The **Micro VGs** do everything you said they would do and more -- the tail of my airplane thinks it's four feet taller and the rudder thinks it's two feet longer!"

When placing your order for a **Micro VG Kit**, please provide the Serial Number and N-Number. We can ship the same day if your kit is ordered Alodine, ready to be painted. We can paint the VGs to match your airplane for an additional \$150 per color. Painted kits will ship within 3 days. Amex, VISA, MasterCard, Discover and COD orders accepted. Please call for further information.

- **Reduced V<sub>mc</sub>**
- **Reduced V<sub>s</sub>, V<sub>so</sub>, V<sub>mca</sub>**
- **Easy One Day Installation**
- **Improved Characteristics**
- **Kit Price \$1950 plus S&H**
